

EBACE25 Exhibit Space Placement Proxy

20-22 May 2025 • Geneva

Return to: EBACEexhibits@wearemci.com

If you are unable to participate on the call at your company's appointment time for the EBACE25 priority placements, you may submit your exhibit space preferences via proxy by submitting this form to the EBACE exhibits team no more than 8 hours prior to your assigned appointment.

The EBACE exhibits team will then use your preferences at your appointment time to assign your exhibit space. If all your exhibit space preferences are unavailable, the EBACE exhibits staff will use their discretion to assign the next best available exhibit space.

Exhibitors will receive email confirmations after their placements have been completed and the floor plan will be updated in real time with their space assignment.

Also, to assist you if you are not able to call at your scheduled appointment time, you may call us at the end of the day the day prior to your appointment, and we can discuss your exhibit space options.
